

MILITARY WEDGE TENTS

For re-enacting the French and Indian War, American Revolution, War of 1812, Mexican War, or American Civil War eras we offer these historically correct wedge tents. They come authentically made with no overlap facings and only one door. We're glad to add any of these features if you so desire. See below for pricing.

All military wedges come with handworked button holes in the peak and rolled canvas peg loops, except the Civil War tents, which have brass grommets at the peak.

← These Panther Military Wedges and wall tent were set up by The Gordon Highlanders at Leith Hall near Aberdeen, Scotland.

Below are the most requested sizes of military wedges we get from folks. If your unit needs a different model WE CAN DO IT! Send your specs for pricing.
