

CIVIL WAR TENTS

"We found your tent products to be superior to any we have seen so far, and this was also told to us from our fellow re-enactors in our company."

P.T. - Ontario, Canada

THE CIVIL WAR SHELTER HALF

Also known as the dog tent half. It takes two of these to make the wedge you see here. Like the originals these button together along the ridge and are supported by 2 uprights and a rope. There were a few different variations of these originally. Our version is the "Type III a" (1863) model measuring 66½" x 63", with machine sewn buttonholes, flat brass buttons and brass grommets for stakes. Bone buttons and handworked grommet holes are available (See Below).

SET-UP PKG. (2 Poles, 1 Rope, 6 Stakes, per pair)\$58

THE SIBLEY TENT

The original Sibley tent measured 12' tall and 18' in diameter at the base. It was held up by a single pole in the center. We make the Sibley tent just like the original. The front door is an authentic 8'9" tall, while the rear ventilation doorway is 5' high. The base of the tent is secured with reinforced brass spur washer grommets. The peak is complete with sewn in iron ring, canvas collar and brass grommets, which are set through 4 layers of canvas.

We also offer the rain hood for the peak. It is controlled by ropes running from it to the ground. The cost for the hood is \$35.00

Also available is a 33" high wall for increasing your headroom. Sibleys with walls need extra ropes and stakes but no

extra poles. Available in the original size or a scaled down 2/3 version.
